2018 FIRST QUARTERLY RESULTS ANNOUNCEMENT

CHARACTERISTICS OF GEM OF THE STOCK EXCHANGE OF HONG KONG LIMITED (THE “STOCK EXCHANGE”)

GEM has been positioned as a market designed to accommodate small and mid-sized companies to which a higher investment risk may be attached than other companies listed on the Stock Exchange. Prospective investors should be aware of the potential risks of investing in such companies and should make the decision to invest only after due and careful consideration.

Given that the companies listed on GEM are generally small and mid-sized companies, there is a risk that securities traded on GEM may be more susceptible to high market volatility than securities traded on the Main Board and no assurance is given that there will be a liquid market in the securities traded on GEM.

Hong Kong Exchanges and Clearing Limited and the Stock Exchange take no responsibility for the contents of this announcement, make no representation as to its accuracy or completeness and expressly disclaim any liability whatsoever for any loss howsoever arising from or in reliance upon the whole or any part of the contents of this announcement.

This announcement, for which the directors (the “**Directors**”) of IAG Holdings Limited (the “**Company**”) and together with its subsidiaries, the “**Group**”) collectively and individually accept full responsibility, includes particulars given in compliance with the Rules Governing the Listing of Securities on GEM of the Stock Exchange (the “**GEM Listing Rules**”) for the purpose of giving information with regard to the Company. The Directors, having made all reasonable enquiries, confirm that, to the best of their knowledge and belief, the information contained in this announcement is accurate and complete in all material respects and not misleading or deceptive, and there are no other matters the omission of which would make any statement herein or this announcement misleading.

The board (the “**Board**”) of Directors is pleased to announce the unaudited condensed consolidated results of the Group for the three months ended 31 March 2018, together with the unaudited comparative figures for the three months ended 31 March 2017 as set out below:

Weighted average number of ordinary shares in issue (thousands)	380,000	300,000
Basic and diluted (loss)/earnings per share (S cents)	(0.28)	0.08

The calculation of the basic (loss)/earnings per share is based on the (loss)/profit for the year attributable to equity owners of the Company and the weighted average number of shares in issue. The number of shares for the purpose of basic earnings per share for the period ended 31 March 2017 is based on the assumption that 300,000,000 ordinary shares of the Company are issuable, comprising an aggregate of 100 ordinary shares and 299,999,900 ordinary shares issuable upon capitalisation of share premium, as if the Reorganisation was effective on 1 January 2017.

As at the date of this announcement, both the Group and the Defendant have filed their Notices of Appeal and the date of hearing before the Court of Appeal has not been fixed. The Board of Directors, based on the advice from the Company’s legal advisor, is of opinion that the Group has valid grounds to appeal and as such, it is likely that the Defendant’s counterclaim against the Group will not succeed.

11. MATERIAL ACQUISITION AND DISPOSAL

The Group did not have any material acquisition or disposal of subsidiaries during the three months ended 31 March 2018.

MANAGEMENT DISCUSSION AND ANALYSIS

BUSINESS REVIEW

The Group is a contract manufacturer based in Singapore that is principally engaged in the manufacture and sale of injection molded plastic parts for disposable medical devices and the provision of tooling services.

For the three months ended 31 March 2018, the Group recorded a net loss of approximately S\$1.1 million as compared to net profit of approximately S\$0.3 million for the same period in 2017. The Directors are of the view that the net loss was mainly attributable to the non-recurring listing expenses and professional fees in relation to the listing. Set aside the listing expenses and related professional fees of approximately S\$1.7 million, the Group's net profit for the three months ended 31 March 2018 would be approximately S\$0.6 million, compared to S\$0.2 million for the same period in 2017. In view of the steady revenue growth for the three months ended 31 March 2018 as compared to the same period in 2017, and the latest negotiations with existing and potential new customers, the Directors are of the opinion that there has been no fundamental deterioration in the commercial and operational viability in the Group's business.

OUTLOOK

The shares were listed on GEM on the Listing Date by way of Share Offer. The Directors believe that the listing will raise the profile and visibility of the Group and strengthen our competitiveness among our competitors, in the hope of leading to an increase in market share. In addition, the Directors also believe that customers and suppliers may prefer to work with listed companies given their reputation, listing status, public financial disclosures and general regulatory supervision by the relevant regulatory bodies. The net proceeds from the Share Offer will provide financial resources to the Group to meet and achieve its business opportunities and strategies which will further strengthen the Group's market position in the medical devices plastic injection molding industry.

The Group is in the course of negotiations with existing customers and potential new customers, including groups with scalable size of operations, expressing intentions for inviting us to expand the existing supply scope.

FINANCIAL REVIEW

Revenue

The Group's revenue increased by approximately S\$0.8 million or approximately 16.5% from approximately S\$4.8 million for the three months ended 31 March 2017 to approximately S\$5.6 million for the three months ended 31 March 2018. Such increase was mainly due to some customers rescheduling their delivery date from end 2017 to early 2018.

Cost of sales

The Group's cost of sales slightly increased by approximately S\$0.1 million or approximately 3.7% from approximately S\$3.9 million for the three months ended 31 March 2017 to approximately S\$4.0 million for the three months ended 31 March 2018. The Group's overall gross profit margin increased from approximately 20.3% for the three months ended 31 March 2017 to approximately 29.1% for the three months ended 31 March 2018, which was mainly due to more value added products sold which were less labour intensive.

Administrative expenses

The Group's administrative expenses increased by approximately S\$1.8 million or approximately 343.9% from approximately S\$0.5 million for the three months ended 31 March 2017 to approximately S\$2.3 million for the three months ended 31 March 2018.

The increase was primarily due to the recognition of non-recurring listing expenses for the three months ended 31 March 2018 amounted to approximately S\$1.4 million and an increase in professional fees of approximately S\$0.3 million to ensure on going compliance with relevant rules and regulations after listing.
